

**\*\*Assertion of Intent Regarding the Use of Ammunition and Components in the Commonwealth of Massachusetts\*\***

I, signer below, a lawful citizen and resident of the Commonwealth of Massachusetts, do hereby assert and affirm my intent with respect to the use of ammunition and firearm components in my possession. My acknowledgment and understanding of the laws governing firearms within the Commonwealth, particularly those concerning large capacity firearms, are as follows:

1. I understand that a "large capacity weapon" is defined in the Commonwealth of Massachusetts as a semi-automatic firearm with a fixed large capacity feeding device or capable of accepting, or readily convertible to accept, any detachable large capacity feeding device; or a large capacity firearm that is a rifle, shotgun or handgun.
2. I acknowledge that a "large capacity feeding device" is defined as a fixed or detachable magazine, belt, drum, feed strip, or similar device capable of accepting more than 10 rounds of ammunition or more than 5 shotgun shells in the case of a shotgun.
3. I assert that any ammunition or firearm components in my possession will not be used to illegally assemble or convert a firearm into a large capacity firearm as defined by Massachusetts law.
4. I affirm that I will not utilize any ammunition or components to increase the capacity of any rifle or pistol beyond 10 rounds of ammunition or a shotgun beyond 5 rounds of ammunition.
5. I acknowledge that the possession or use of an "assault weapon," as defined by the laws of the Commonwealth, is subject to strict regulation, and I assert that I will not use any ammunition or components in conjunction with such a weapon in a manner that is contrary to the laws of Massachusetts.
6. I understand the serious nature of these laws and the penalties associated with the misuse of ammunition or firearm components in the creation, modification, or use of large capacity firearms or assault weapons.
7. I hereby affirm my commitment to responsible gun ownership, the safety of the public and myself, and the adherence to all applicable laws and regulations concerning firearms within the Commonwealth of Massachusetts.

By making this assertion of intent, I demonstrate my understanding of and compliance with the laws of Massachusetts regarding firearms and affirm my responsibility in ensuring that my conduct concerning the use of ammunition and firearm components promotes safety, legality, and the public welfare.
